# Journey through the history and future of aviation

You won't want to miss this journey with Show Me Seattle Tours as we visit The Boeing Company and the Future of Flight Aviation Center. Come to learn and be inspired!

- ☉ Experience the only public tour of a commercial jet-assembly plant in North America.
- ☉ Learn from a professional Boeing tour guide as you walk through the world's largest building by volume – 472 million cubic feet.
- ☉ See the 747, 777, and 787 Dreamliner in various stages of assembly, manufacture and flight test.
- ☉ Watch a dramatic time-lapse film on the complete assembly of a Boeing 777.
- ☉ Digitally design and fly your own jet.
- ☉ Take a ride aboard the XJ-5 Flight Simulator (additional charge applies).
- ☉ Enter a mock-up of the 787 Dreamliner.
- ☉ Enjoy exhibits and interactive stations on the history and future of commercial aviation.

## In and along the tour

As we venture to and from Boeing's Everett plant, 30 miles to the north of Seattle, we'll cover many topics and fun facts. We'll talk about the life of William Boeing and the history of his company and airplanes. After visiting the Future of Flight Aviation Center, Boeing's tour guide will take you through the assembly plant. You'll have the opportunity to visit the Boeing Store for official souvenirs. And before we head back, we'll provide local "mystery treats."
